Status Descriptions

Master Instructor – The highest level of B.E.S.T. Practitioner, this small, hand-picked group of individuals have been specially trained by Dr. M.T. Morter, Jr., himself, and were at the top of every class they have taken. Each of these individuals has also been specifically trained in the science of advanced education methods, which they use to teach the Morter Health System to students around the world. These Master Instructors are truly the best of the B.E.S.T. having all been students, Certified, Diplomates, Elite Diplomates, Masters, and Elite Masters.

Elite Master – The most recent developments in B.E.S.T. and the Morter Health System have been taught to this elite group of practitioners. Elite Masters have passed practical and written examinations to become Certified, have completed study in the Diplomate program, which also includes a strict practical examination, and have completed study in the Elite Master Program, which includes extensive work on personal excellence. These practitioners have completed the very latest in B.E.S.T. Technique advancements.

Master – These practitioners have a tremendous amount of experience in B.E.S.T. under their belts. Master practitioners were nominated by their peers and selected by a seven-member Executive Board to represent their advanced knowledge and skill. Masters have all completed a 5-year post-graduate study program and have demonstrated through written and practical examination and clinical experience a complete grasp of B.E.S.T. and Morter Health System principles and techniques.

Elite Diplomate – These practitioners have been exposed to the latest in B.E.S.T. Technique study and have completed and passed the practical and written examinations required by the Elite Diplomate program.

Diplomate – These practitioners have completed study in each aspect of B.E.S.T., have been Certified and have completed and passed the Diplomate examination.

Certified – These practitioners have completed regular study in the B.E.S.T. Technique and have passed practical and written examinations.

Student – These are students of health care who are currently studying B.E.S.T.
